Cooperating witness. Sweet deal. Plea will be embarrassing for those who are sitting around in jail for years. The whole thing stinks.

NOTE: The current filing on Ray Epps has no Date and Time Stamp, or a case number. Can one say that the filing is fake?? The case under United States of American v. James Ray Epps Sr. does not exist in PACER.

Rules for Thee, but not for Me! Should be Ray Epps motto, just ask Jeremy Brown about “rules for thee, but not for me.” Ray Epps the DOJ poster boy of how not to get charged with 1512(c)(2). The Joint Terrorism Task Force (JTTF) on December 9, 2020, tried to recruit Jeremy as a confidential informant on the Oath Keepers. On January 6th and 7th 2021, the same agent that tried to recruit him, called him, this would be his last communication. Jeremy didn’t take plea deals, didn’t bow to current police state taking hold in our nation, at the hands of the American Justice System under the watchful eyes of the Biden Regime, and the watchful eyes of Congress. Jeremy is not only a “whistleblower” he is also a “Political Prisoner”.

Ray Epps walks free. Make this make sense.
