

Barbara,

Ed is here, and we have talked, but not for a couple of weeks. The prison system is government sanctioned human trafficking, plain and simple. [nhcidaho.org](http://nhcidaho.org) (or .com)? Trent Alvarez is a healer and used energy frequency to detox me, and I also used ionized foot detox with another natural-pathic healer. I'll never use conventional western med. again. Not unless it's for setting bones, or stitches, lol.

Thank you for your encouragement, and support.

kindest Regards,

\* I've been holding onto this letter while I waited for more \$ to buy stamps. I'm starting to think the GOP 2025 plan includes some of J6ers, sitting here while they use the subject for more political fodder to win seats. I'm a bit slighted over this senario, but what else can I do about it? All I can hope for, to keep me sane, and secure, is the continued support to come each week, or month to my BOP trust fund. It's very difficult to even explain how the interaction plays out between prisoners. People have made uneducated judgement assessments on J6er's conduet while on the inside, but some situations, even some in my case, have been contrived to produce a certain response, and what gets reported on "their records" usually isn't the whole story, I suppose, this is an exercise in faith for both J6ers, and Patriots accross the nation.

I'm paying special attention lately, to Venesulan election conflicts - It's interesting to me, which side of the conflict the US Inc. has declared to support. I also hear more in the news about Political Hostages in the Middle East and other places in world. Perhaps, this will bring up the subject about J6 Hostages right here, in our own Country. Seriously, I don't know why there's not more overt outrage at the situation?
